WAR CALLS COME FIRST

Long Distance telephone lines are crowded these days with a heavy burden of war calls—calls of the Army, the Navy, and war production. These war calls are urgent. We know you want them to have a clear right-of-way. Ordinarily we'd meet such a rush of calls by building new lines, installing new switchboards. But that's impossible now. The copper and other metals required for new lines and switchboards are going into munitions. That's why we're asking your cooperation to speed the calls of war.

HERE'S HOW YOU CAN HELP

- 1 Don't make unnecessary Long Distance calls, to Washington D.C. or other war centers.
- 2 If you must use Long Distance, call before 9:30 A.M., if you can. Please save 7 to 10 P.M. for the servicemen.
- 3 Please be brief on all of your calls.

LONG DISTANCE RATES

NIGHT AND SUNDAY RATES APPLY FROM 6 P.M. TO 4:30 A.M. AND ALL DAY SUNDAY

RATES ARE FOR 3 MINUTES (On Station-to-Station Calls of 25 Cents or Less, 5 Minutes)

How to Use Your Telephone

(Momence)

JUST FOLLOW THESE THREE SIMPLE RULES FOR LOCAL CALLS:

- 1 Look in the directory if you're not sure of the number. If you do not find the number ask for "Information."

- 2 Listen for operator's "Number, please?"

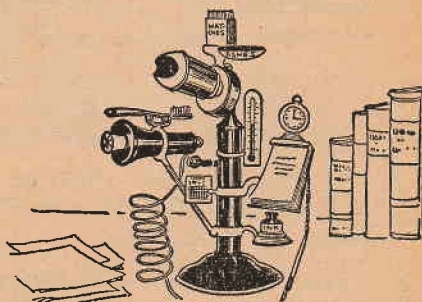

- 3 Give number to operator. Always speak distinctly in an ordinary tone of voice, with lips about one-half inch from mouthpiece.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company.

By arrangement with the Western Union Telegraph Company, the charges for telegraph messages sent by telephone will appear on your monthly telephone bill. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

"GADGETS" DON'T HELP

Don't spend money for unnecessary attachments to your telephone offered to "improve" the service. Some are harmless, but others actually hurt the service. If you think that your telephone isn't working properly, please call Repair Service.

If you have any special needs which your telephone does not seem to meet, call or visit our Business Office. We'll do our best to help you.

Rates to Some Nearby Places

The following table shows the Day Station-to-Station rates to some out-of-town places frequently called from Grant Park and Momence. The initial talking period is three minutes with the exception of station-to-station rates of 25c or less, where the initial talking period is five minutes.

United States Government tax not included in the rates shown below

These are the legal rates of the Company as of April 18, 1945

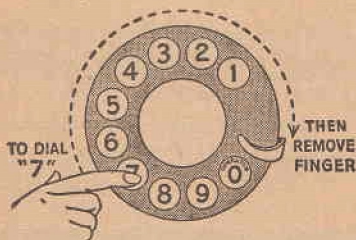

It's Easy to Dial

(Grant Park)

JUST FOLLOW THESE THREE SIMPLE RULES FOR LOCAL CALLS:

- 1 Look in the directory, if you're not sure of the number.
- 2 Hold receiver to ear. Listen for dial tone—a steady humming sound. This is your signal to start dialing.

- 3 Dial the figures of the number as it appears in this directory. Pull the dial all the way around until your finger strikes the finger stop, then remove your finger and let the dial return by itself.

IF YOU NEED ASSISTANCE

Dial "0" (Operator) if you need assistance. But remember, it is faster to dial yourself.

If for any reason you cannot see the dial, feel for the opening just below the finger stop. Pull the dial all the way around, release it, and the operator will answer.

Momence, III.

TO CALL ANOTHER PARTY ON YOUR LINE:

If the first three figures of the desired number are the same as the corresponding figures of your number, this telephone is on your line.

- 1 After you have determined that the subscriber is on your line, dial "9", and then dial the last figure of your number and the last figure of the called party's number.

For example: Suppose your number is 7351 and you are calling 7352, you would dial 9-1-2.

- 2 After you have finished dialing hang up your receiver to allow the other party's bell to ring. Your bell will also ring at intervals indicating that the other telephone is ringing.
- 3 When ringing stops you will know that the other party has answered. Remove your receiver and proceed with conversation.
- 4 If your party does not answer within a reasonable period, remove your receiver momentarily in order to clear the line.

TO DIAL FROM A COIN BOX LINE:

- 1 Remove receiver from hook, but do not deposit coin.
- 2 Listen for dial tone.
- 3 Dial number wanted.
- 4 When the called number answers, you will hear the dial tone again, then deposit coin PROMPTLY.

To call Momence and other out-of-town places:

- 1 Remove the receiver from the hook, but do not deposit coin.
- 2 Listen for the dial tone.
- 3 Dial "0" (Operator). When the operator answers, give the call to her; deposit coin when the operator asks for it.

Useful Telephone Information

"PARTY LINE COURTESY" PAYS

Since telephone equipment is scarce, and military needs must be met first, more and more civilians may be using party-line service during the war.

The best party-line service for all depends on courteous use of the line.

If you're a party-line user, you can do your part. Listen a moment to make sure the line is clear before you call—try not to interrupt your neighbor's conversation. Hang up quietly if the line is in use. Keep your conversations short so others can use the line, too.

FOR YOUR PROTECTION

For your protection, telephone employees who visit the public, carry identification cards with their names and photographs. If you have the slightest doubt about anyone who calls "from the Telephone Company," ask to see his credentials. Telephone people will be glad to show you their cards.

USE THIS DIRECTORY FIRST

Many calls to "Information" are unnecessary since they are for numbers which are listed in the directory. This is a serious waste of telephone time and telephone facilities since the Information operator must look in the directory just as you do. Every operator and all telephone facilities are needed to handle today's huge volume of war calls.

So please don't ask our Information operators to look up numbers unless you are sure they are not listed in this directory. Your cooperation is appreciated.

YOUR TELEPHONE NUMBER

Occasionally, in the past, we've had to change some telephone numbers. It may, likewise, be necessary to do so in the future.

We're sorry we can't say to you, "We'll never have to change your telephone number." As a matter of fact, we don't like to change them and won't do it unless it is absolutely necessary.

WAR LIMITS TELEPHONE SERVICE

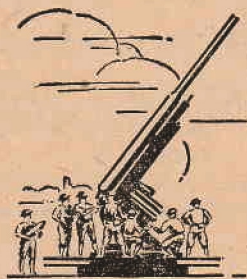

With metals and other materials as well as manufacturing facilities completely diverted to war purposes, restrictions on telephone service and equipment are in effect.

After more than three years of war, telephone facility reserves have been largely depleted, in spite of most conservative use. Delays in the installation of new service are generally inescapable as new installations can now be made only as equipment becomes available through disconnection of existing services and our first

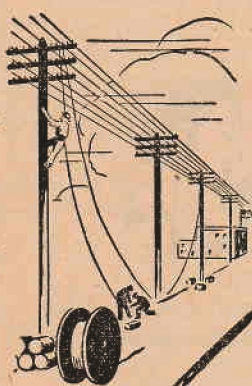

concern must of necessity be to supply the needs of the armed forces, war industries and persons whose need for telephone service is essential to the war effort, public health, welfare, or security. That we have been able to avoid more severe restrictions is a tribute to our customers who have cheerfully co-operated in getting along with a minimum of service and equipment.

If you are planning to move we suggest that you check with us well in advance on the service we will be able to provide.

YOUR OPERATOR EXPLAINS OUT-OF-TOWN CALLS

"I'm your Long Distance operator, and I can connect you with all out-of-town places. From manual telephones just ask your regular operator for "Long Distance." From dial telephones dial "0" (Operator).

"If you don't know the number, I will be glad to furnish it.

"If the initial rate for your station-to-station call is 25 cents or less, five minutes is allowed without an overtime charge. If the initial rate is 30 cents or more, an overtime period starts after three minutes."

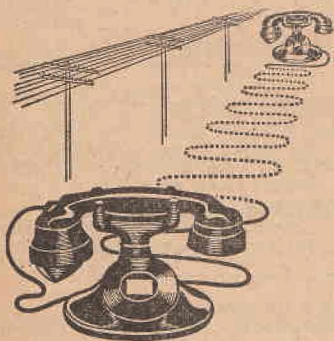

"My Long Distance lines are usually over-crowded with war calls and we can't get copper for more lines. So please don't make unnecessary Long Distance calls. If you must use Long Distance, call before 9:30 A.M. if you can. Please save 7 to 10 P.M. for the service men.

"Please give me the number of the called party if you know it; it will save time and equipment.

"During these war times, please try to keep your conversations as short as you possibly can."

STATION-TO-STATION

Place station-to-station calls when you merely want us to ring a telephone number. Charges begin when anyone answers at the telephone you call.

COLLECT CALLS

If you wish to place a collect call, the operator will ask the person you are calling if he will pay the charges. No additional charge is made, except on Station-to-Station calls where the initial rate is 20 cents or less.

If the party you want refuses to pay for the call, a Report Charge will be made on calls between points within the State of Illinois unless you decide to pay for the call yourself.

Momence, Ill.

PERSON-TO-PERSON

Make a "Person" call when you want to talk to a particular person, or to a particular telephone or department reached through a private switchboard. Rates are higher than "Station" rates, but charges do not begin until the person or department you want is able to answer.

If you call from a point in Illinois to another point in Illinois, a Report Charge will be made if the person you want cannot be reached and you ask the operator to cancel the call.

REDUCED RATES

Between 6 P.M. and 4:30 A.M. and all day Sunday, reduced rates are in effect. They apply to "Station" calls if the initial period rate is more than 35 cents, and to "Person" calls if the rate is more than 50 cents.

Wrong Numbers

Waste Time

When there is any doubt about the telephone number, please look it up in the directory *before* you call. Wrong numbers annoy the people called in error—waste their time and yours, too.
